

## SOLVIT ACADEMY PARENT/GUARDIAN QUESTIONNAIRE

Feel free to upload additional pages or copy and paste the questions into a separate document if that would be easier. All questions need to be answered and both parents/guardians need to provide signatures. We recognize the time commitment in our application process, but we believe that it's essential to make sure that we can provide an exceptional experience to your family.

Please tell us more about your child so that we can understand and meet their needs in the following areas:

1. Intellectual/academic: Please describe language skills, number awareness/math ability, sustained interest in certain topics, and persistence/follow-through:

3. Physical: Please speak to topics such as motor skills development.

What do you expect from Solvit Academy for your child? What do you hope your child will gain from a self-paced, learner driven environment?

If you see that your child isn't doing their work or is struggling at school, how would you respond?

When it comes to education, how do you define success or failure for your child?

If your child has undergone any evaluations or assessments for academic, behavioural, social, or emotional needs, please list and explain:

If your child has ever needed extra support for academic or emotional needs (tutor, counsellor, therapist, psychologist, or physician), please explain:

Please provide any additional information that you think will help us best serve your child if enrolled at Solvit Academy:

---

The answers to the questions on this questionnaire, along with all information provided through the entire Solvit Academy application process is accurate and truthful to the best of my knowledge. ***All legal guardians must sign.***
